

The JMCC Christmas Party was held again at Federation Park in Gumeracha.

This annual party seems to be getting bigger every year, and this year it was more important than ever to be on time to get a share of the fine food and drink. 56 adults and 13 children waited patiently for Santa to arrive, as it is a very long way for Santa to travel all the way from the North Pole, especially when riding a classic CB250 Honda.

The weather was perfect for the children's games and the main event, the Tug-of-War between the President's men and the Treasurer's men. The day was great fun, enjoyed by everyone.
